

Inventory: Verified

Verified Status

The Verified Inventory displays the current labels in the on hand inventory

- Select Location - If you have access to more than one location, select your location or select 'All' to view inventory for all locations
- Products / Tags switcher - provides ability to view inventory by product and [individual tag level detail](#)
- Products & Tags level switcher
- View items grouped by quantities

The screenshot displays the SimpleRFID Inventory Products View interface. The interface includes a search bar, location filters, and a list of inventory items. The 'Verified' status is selected, and the 'Products' view is active. The first item is '14k Crystal Earrings (Earring) - Color: White Gold' with 12 tags and 12 items.
